Attention: Marion Johnson

Dear Dr. Rhoads:

This responds to your request for the views of the Department of Justice as to whether the transcript of a January 22, 1964 executive session of the Warren Commission, presently classified "Top Secret," may now be declassified. Because the subject matter of this transcript relates primarily to the activities of the Federal Bureau of Investigation, the transcript was referred to the Director of that Bureau for review. The Director has completed his review and advises that there is no objection to the declassification of this document.

Sincerely,

Leon Ulman
